July 5, 1983

Dear Mr.Weisberg,

I'm enclosing a copy of the unusual "diary" Henry came across and I think told you about, since he asked me to copy it and send it to you. He's looking forward to hearing from you and seeing what you think about it.

Personally, I think it would be too good to be true to actually know what really happened that infamous day.

Good reading,

All the best,

Sissi
